

# Tapas Acupressure Technique(TAT)

**Saturday 13th & Sunday 14<sup>th</sup> September 2008 Stillorgan Park Hotel**

TAT (Tapas Acupressure Technique) is a simple, highly effective, gentle, self-help, protocol that safely harnesses the power of the human body to heal its self. It is non invasive and blends in and complements all healing arts and modalities, allowing you and your clients to process and deal with uncomfortable emotions and experiences.

TAT is based on Traditional Chinese Medicine and uses a set of points on the head where many acupuncture meridians merge and enter the brain. Contact on these points with your finger tips opens up a flow of energy that allows you to rapidly process, release and remove “stuck“ energy, blocked emotions, thought patterns, beliefs, attitudes, allergies, emotional aspects of disease and much more.

This Two Day Self Development Workshop is run by Certified TAT & (AMT) Trainer’s
